

Simplify & Cost Justify  
double knife flat top blankers.

**NO STEEL  
NEEDED**

# DuraBlanker

The **NO STEEL NEEDED**  
flat top blanker board from  
Rayner DieSupply.

Hardwood plies  
aligned for additional  
strength in machine  
direction.

Complete bonding on entire  
surface. Not just where screws may be located.

Specially formulated  
reinforced Rayform  
to withstand  
blanking forces.

**More resilient than the combination of wood and steel screwed together  
and costs less too. No laser needed—can be cut with a router.**

# DuraBlanker

**Available exclusively through Rayner DieSupply  
and Rayner Distributors worldwide.**

**800-331-8811**
